*Please address all correspondence to Chief of Police - Garry Hull*

### **February 4, 2021**

At approximately 11:25 am the Gananoque Police were called to an East end business to a report of an impaired driver. Officers attended and located a lone male in the suspect vehicle, who exhibited obvious signs of impairment. The man was arrested and returned to the station for breath test analysis. The male provided samples of his breath that, when analysed, had a result of over four times the legal limit.

As a result, the 57-year-old Seeley's Bay man was charged with one count each of: operate a conveyance while impaired and operate a conveyance while over 80 milligrams. He will appear in court at a later date.
