In the early morning hours of June 27, 2020, the Gananoque Police Service responded to a complaint of a serious assault in the area of The Gananoque Recreation Centre. Multiple suspects were identified by the complainant, and their identity was reported to police as unknown.

Over the proceeding 4 days several police and community resources were deployed to assist in the investigation.

As a result of the in-depth investigation it was determined the offences reported to the police had not occurred and the allegations were false.

As a result, an 18-year-old from Gananoque was charged with Public Mischief and is scheduled to appear in court at a later date.
